- We offers an optimal solutions for sheet metal components. Laser Cutting, Bending, Assembly and fabrications.

VISION

To be a leader and preferred supplier with excellent manufacturing facility to provide quality products and satisfaction to the customers and to provide fulfilment and prosperity for our employees.

MISSION

- To Provide the highest quality products at the most competitive prices.
- To meet customer requirements and surpass their expectations.
- To promote life long growth opportunities for our workers.

QUALITY POLICY

- We are committed to achieve customer satisfaction by producing quality sheet metal fabricated components and delivering on time.
- We excel to meet and exceed the requirements and expectations of our customers.
- We continually improve our quality management system through effective team work of our employees.

LASER MACHINE

Machine Name	: FIBERBLADE
Width	: 1500 mm
Length	: 3000 mm
Cutting Thickness	: 0.3mm - 18 mm (MS) 0.3mm - 10 mm (SS)
Materials can be cut	: Mild Steel, Stainless Steel
Special Materials can cut	: Spring Steel, Aluminum Copper

SHEARING MACHINE

Machine Name	: Shearing Machine
Max Length	: 3000 mm
Max Capacity	: 0.5 mm to 5 mm

BENDING MACHINE

Machine Name	: CNC Press Brake
Max Capacity	: 260 Tons
Max Bending Length	: Up to 4500 mm
Bending Thickness	: 0.3 mm to 16 mm
Materials	: MS, SS, Aluminum, Copper & Brass

WELDING MACHINE

Arc Welding • MIG Welding • TIG Welding
Spot Welding • Stud Welding • Laser Welding
